hey I'm flutter developer having 3 years of experience in e-commerce application and Dairy Project State management using Getx payment gateways Razor pay and Easebuzz location tracking knowledge of git and Play Store

Profile Summary

Innovative Flutter developer with a proven track record of delivering high-quality mobile applications across various domains. With over 3+ years of experience, I specialize in efficient state management and seamless integration of payment gateways like Razorpay and Easebuzz. My expertise extends to developing diverse applications including e-commerce, diary, education, and quiz projects. Proficient in both Flutter and Kotlin, I have successfully deployed over 80+ applications on both iOS and Android platforms. Committed to staying updated with the latest technologies and delivering exceptional user experiences.
