SKILLS SUMMARY

- ❖ **Frontend:-** HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Redux, React
- ❖ **Backend:-** Node.js, Express.js
- ❖ **DevOps Tools :-** Bit Bucket, Git, Github, Jira
- ❖ **Database:-** MySQL, MongoDB
- ❖ C, C++, Java, Data Structures and Algorithms

WORK EXPERIENCE

MERN Stack Developer | Carelon Global Solutions(Legato)

(August 2022 – April 2024)

- ❖ Spearheaded resolution of 24 Jira defects, ensuring the stability and functionality of critical software components within the MERN stack.
- ❖ Collaborated closely with onshore and offshore development teams to implement code changes, conducting thorough reviews to maintain high-quality standards.
- ❖ Hands-on experience with version control systems like Bit Bucket for managing code repositories, branching, merging, and resolving conflicts.
- ❖ Proficient in building full-stack web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
- ❖ Extensive experience with front-end technologies like HTML5, CSS3, JavaScript, React.js, and Redux for building responsive and interactive user interfaces.
- ❖ Strong understanding of server-side technologies such as Node.js and Express.js for building scalable and efficient backend APIs.

PROJECTS

❖ Wanderlust Web Application(API Based Application)

(August 2022 – February 2023)

Developed and deployed an end-to-end destination guide web application tailored for adventurous travelers. The application provides comprehensive information on various travel destinations to assist users in planning their next trip.

❖ Spotify Web Application Clone

(March 2023 – August 2023)

Developed a Spotify-themed music player web page replica, mimicking the design and functionality of the popular music streaming platform. The project aimed to showcase skills in frontend development and user interface design.

❖ Simon Says Game(Web Application)

(September 2023 – March 2024)

Developed a digital version of the classic "Simon Says" game, providing users with an interactive and entertaining experience that tests memory and pattern recognition skills.

EDUCATION

- ❖ Bachelor of Technology in Computer Science (BTech in CS) | RD Engineering College, Ghaziabad

CGPA: 8.24 | (August 2018 – June 2022)

- ❖ XII (CBSE) | TRM Public School, Ghaziabad

(August 2017 – July 2018)

ACHIEVEMENTS

- ❖ Cleared **GATE 2021** (CS) and **GATE 2022** (CS)
- ❖ MERN Stack Development Certification
