Education

Bachelor of Engineering,
Savitribai Phule Pune University
2016 – 2020
Pune, Maharashtra, India
Engineering

Skills

Data Analytics

Optical Character Recognition (OCR), EDA, Data Cleaning, Data Scrapping, Data Visualization, Data Wrangling and Analysis.

Python

Numpy, Pandas, Matplotlib, Seaborn, Pytesseract, Re, Sci-kit

Tableau

Data Visualization, Advanced Dashboards

Machine Learning

Linear Regression, Logistic Regression, Supervised and Unsupervised learning

SQL

MySQL

Office

MS Office- Excel, Word, PowerPoint

Profile

An Aspiring Data Analyst with a strong foundation in statistical analysis, data analysis and data science techniques. Proficient in programming languages such as Python and experienced in using data analytics tools such as Excel and Tableau with an avid interest in Machine Learning and Computer Vision. Seeking an entry-level position in a dynamic organization where I can apply my skills and learn from experienced professionals and grow as a Data Scientist and contribute to the organization's growth.

Professional Experience

Data Analyst, Manipal Business Solutions

July 2023 – present | Gurgaon, India

- Developed an Optical Character Recognition (OCR) project using pytesseract to extract critical information, such as names, addresses, and unique identifiers, from Aadhaar cards and other images, significantly reducing manual data entry time by 40%.
- Conducted data cleaning and preprocessing tasks on large datasets, ensuring data accuracy and consistency to improve overall data quality by 25%.
- Collaborated with cross-functional teams to present key findings and insights from data analysis, contributing to data-driven decision-making in business strategy and process optimization.

Junior Data Analyst, Unilife

June 2022 – June 2023 | Pune, India

- Proficiently conducted data mining, data profiling, and data visualization tasks at Unilife, unearthing actionable insights from extensive datasets.
- Collaborated cross-functionally to identify behavioral patterns, contributing to the enhancement of the app's user experience and engagement.
- Presented visually compelling data visualizations and reports, augmenting data-driven decision-making processes within the company.

Certification

Master's Program in Data Science, Simplilearn

- Data Science with Python | Machine Learning | Data Modelling | Data Visualization | Data Mining | MySQL | Data Analytics | Tableau.

Hadoop Developer Professional Certificate, IBM
