OBJECTIVE

MERN Stack Developer with over 2 years of experience in Full Stack Development, skilled in JavaScript, ReactJS and NodeJS for developing and maintain complex web applications. Proficient in front-end and back-end technologies, with a strong focus on creating scalable and efficient solutions. Seeking an opportunity to contribute my technical expertise to a dynamic development team.

EXPERIENCE

Senior Systems Engineer | Infosys

NOVEMBER 2021 – PRESENT

MERN Stack Developer:

- Developed and maintained scalable and responsive web applications using React JS and Node JS with Mongo DB as database.
- Implemented features using the MERN stack, consistently delivering high-quality code within sprint timelines.
- Implemented RESTful APIs and ensured seamless communication between front-end and back-end systems.
- Analyzed and resolved bugs, improving overall application stability and performance.
- Collaborated in an Agile development environment, participating in Scrum ceremonies such as sprint planning, daily stand-ups, sprint reviews, and retrospectives.
- Collaborated with cross-functional teams to understand project requirements, provide technical expertise, and ensure timely delivery of high-quality software.

EDUCATION

B. Tech (Instrumentation and Control) | BHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING

2016-2020

12th | GENERAL RAJ'S SCHOOL
