PROJECTS

Studio Think

- A brilliant self-development app. You can tell that the people who made it really know their stuff, and genuinely care about the quality of the content. And I love that it's about growing, not just coping. Can't wait for Studio Think to get bigger than Headspace or Calm. In which added social integration like google sign in, apple, facebook login & linkedIn login and added audio player module.

- My Role** : Backend Developer(Node.js, MySQL) as well as Frontend Developer(React.js) for web admin panel .

Flok22

- Flok22 is a social connections and dating app that harnesses technology to empower you in interactions, not replace them. Connect with people when and where you want while you're already out doing you. No more endless virtual chats or planning meetups that never happen. You deserve to create meaningful connections. Take control over your life. Do things on your terms with Flok22.

- My Role** : Backend Developer(Node.js, MySQL) and AWS Deployment .

Fastrack

- Fastrack is a self development ,social connections like as instagram and fasting App.
- Link** : <https://fastrack.appdevelopmentservices.in/>
- My Role** : Backend Developer(Node.js, MySQL) and AWS Deployment.

Ceiy

- Ceiy is the school management animated app . In this app , students can play games . can do many activities like as listing motivated music and watching motivated cartoons.
