## Education

### Ambalika Institute of Management and Technology

*B.Tech in Information Technology (Pursuing)*

**2021 – 2025**

*Lucknow, Uttar Pradesh*

### D.P.G. Inter College

• *UP BOARD (Class XII), Aggregate: 72.8%*

**2020 – 2021**

*Nighasan, Uttar Pradesh*

### D.P.G. Inter College

• *UP BOARD (Class X), Aggregate: 64.8%*

**2018 – 2019**

*Nighasan, Uttar Pradesh*

## Career Objective

To leverage my skills in frontend development, including expertise in HTML, CSS, Bootstrap, JavaScript, and React, to create user-friendly, responsive, and visually appealing web applications. I aim to contribute to innovative projects in a dynamic organization, enhancing user experiences while continuously learning and advancing my technical expertise in modern web development practices..

## Technical Skills

- HTML5
- CSS3
- JavaScript
- Bootstrap
- React js
- Git
- GitHub
- Java

## Projects

### E-Commerce Website

**React.js**

- Developed a responsive static website for online shopping using React.js.
- Enabled online shopping services with user-friendly navigation.

### Food Ordering App

**React js**

- Developed a responsive food ordering application using React JS. Implemented features like dynamic menu display, cart management, and order tracking. Focused on creating a seamless user experience with efficient state management and reusable components.

### Learning Management System

**React js**

- Designed and deployed responsive and user-friendly web interfaces during my internship, utilizing HTML, CSS, JavaScript, Bootstrap, and React.js. Demonstrated expertise in building dynamic UI components, ensuring cross-browser compatibility, and optimizing user experience for real-life projects. Additionally, developed a Learning Management System (LMS) project using React.js, featuring interactive components for an enhanced user experience..

## Internship

### Summer Internship

**20-jul-2024 – 20-Aug-2024**

*Amzsoft Innovexa*

*On-Site, Lucknow*

Designed and deployed responsive and user-friendly web interfaces during my internship, utilizing HTML, CSS, JavaScript, Bootstrap, and React.js. Demonstrated expertise in building dynamic UI components, ensuring cross-browser compatibility, and optimizing user experience for real-life projects. Additionally, developed a Learning Management System (LMS) project using React.js, featuring interactive components for an enhanced user experience.

## ACHIEVEMENT

- Full Stack Certificate: From GeegsforGeegs
- Solved 150+ problems on LeetCode in Java, showcasing expertise in algorithms and data structures.
