Profile

Experienced Full Stack MERN Developer with a proven track record of delivering efficient and user-friendly web applications. Skilled in JavaScript, React, Node.js, MongoDB, and deploying applications on netlify and vercel.

Work Experience

Go Pharmaceuticals

Date: May 2019 to Jan 2022

Sales Team Leader, Go Pharmaceuticals | 3 years

- Successfully led a sales team handling key clients from the United States, driving revenue growth and ensuring client satisfaction.
- Demonstrated exceptional leadership skills in overseeing team performance, setting targets, and achieving sales objectives.
- Built and maintained strong client relationships, understanding their needs and delivering tailored solutions.
- Collaborated with cross-functional teams to identify market trends and enhance product offerings.
- Consistently met or exceeded sales targets, contributing to company success.

Software Developer Freelancer

Date: July 2022 till Present

- Developed "Your Places" - a full-stack MERN project with RESTful API and authentication, enabling users to share and edit their visited places with images.
- Created an e-commerce store for headphones utilizing Sanity CMS and integrated the Stripe gateway to facilitate seamless and secure client payments.
- Designed and implemented a dynamic 3D shirt editor using Three.js, allowing users to customize shirt colors, upload logos or textures, and make real-time edits.
