**CAREER OBJECTIVES**

I am interested to work in area of software engineering with preference for web development. However, I am flexible as fresher to join in any suitable area of software engineering. I am highly disciplined and smart working individual who is looking for a challenging career opportunity to achieve a great experience. I like to fully utilize my skills to make significant contribution towards success of the organization and further develop my technical and personal skills.

EDUCATION

- B.Tech. in Computer Sciences (2018-2021): RR Institute of Modern Technology Lucknow, Uttar Pradesh (UP)- I am studying my 8th and final semester of my studies. I have received average of approx.75% till 6th semester. My results of 7th semester are awaiting. I will complete my studies in August 2021.
- Bachelor of Science (2017): Dr. Ram Manohar Lohia Awadh University, Faizabad, U.P.- I have completed Bachelor of Science with Physics, Chemistry and Maths. (Achieved 57% marks)
- Intermediate (2013): St. Hennery's Public Inter College Lucknow, U.P.

TRAININGS & CERTIFICATIONS

- Competed a React JS Beginners Course from Udemy, May 23, 2021
- Completed a training course on PHP in October 2020 from Infoseek | Brand of My5 Technologies Pvt. Ltd., Lucknow
- Completed a Course of Computer Concepts (CCC) in November 2018

PROJECT WORK**Project entitled "Farmer Services"**

- I am currently working on above project since April 2021 with a group of three students. We have created a website which is related to the farmers named as "Farmer Services".

- The main aim of Farmer Services is to provide seeds and fertilizers of the crops to the farmers at right prices and also eliminate the middleman between Farmer and Customers.
- We have used technologies like HTML, CSS, JAVA SCRIPT as Frontend development and PHP, MySQL as backend development.

TECHNICAL KNOWLEDGE AND LIMITED EXPERIENCE

- Basic knowledge of languages like HTML, CSS, Java Script, Bootstrap, C, PHP, React JS and Salesforce
- Basic concepts of Computer Networking
- MS Office 2010

PERSONAL SKILLS

- Strong organizational skills
- Proactive and strong team player
- Critical thinker and focused
- Strive to learn new technologies in IT areas
- Eye for details
- Can work beyond office hours

ACHIEVEMENTS

- Lead the RR college in annual functions in 2018 and 2019
- Participated as a volunteer in job fairs 2018

INTERESTS

- Personal fitness and hygiene
- Cooking Indian food
- I have started food blogging recently and believe tasteful journey, where each day you graduate towards perfection. Food blogging Blog: <https://www.bestfoodfantasy.com>
