

# Mohd Rizwan

## Flutter Developer

I have more than 1 years of experience in mobile application development. Proficient in Dart and the Flutter framework, with expertise in integrating RESTful APIs and Firebase. Developed and maintained cross-platform applications, focusing on UI/UX and performance optimization. Collaborative team player who effectively works with designers and backend developers to deliver seamless features. Passionate about mobile technology and eager to contribute to innovative projects while continuing to grow as a developer.
